

UNIVERSAL DEGREASER NATURAL SANITIZER

NATURAL
AND SAFE CLEANING

GOOD FOR YOU,
GOOD FOR THE ENVIRONMENT

BioEcoClean

BioEcoClean: the natural innovation that combines effectiveness, safety, and sustainability for impeccable cleaning in every environment

MADE IN ITALY

FEATURES

Reduces 98% of bacteria

- Prolonged sanitizing action.
- Suitable for homes, offices, and public spaces.
- Safe even for surfaces that come into contact with food.

Why settle for a superficial clean when you can sanitize thoroughly?

BioEcoClean eliminates 98% of bacteria, ensuring clean and safe surfaces for you and your family. Thanks to its innovative formulation, it protects against bacterial buildup, keeping areas sanitized longer than traditional cleaners do.

No-rinse cleaning

- Thoroughly cleans in a single pass.
- Leaves no residue or streaks.
- Ideal for those short on time who still want quality.

Simplicity meets effectiveness.

BioEcoClean degreases and cleans in one go, without the need to rinse. Its foam-free formula leaves surfaces dry and streak-free, streamlining your daily routine. Perfect for anyone looking for a quick and convenient cleaning solution.

Sustainable and Natural

- Free of surfactants, ammonia, and corrosive compounds.
- Eco-friendly, fully recyclable packaging.
- Safe for families and pets.

A cleaner future starts today.

BioEcoClean's composition is designed to respect the environment without compromising effectiveness. Free from harsh chemicals, it is safe for surfaces, for users, and for the ecosystem. Ideal for those who want a spotless clean with minimal environmental impact.

Suitable for all surfaces

kitchen

bath

living room

garden

car

Suitable for all surfaces

- Wood, ceramic, glass, stainless steel, plastic, delicate fabrics.
- Ideal for appliances, cooktops, furniture, and much more.

One product, countless applications.

BioEcoClean is formulated for use on a wide range of surfaces without the risk of damage. From the delicacy of wood to the sturdiness of steel and the versatility of ceramic and fabrics, it's the ideal choice for every corner of your home or professional space.

Versatile applications

- Kitchen: removes grease and residue from countertops, stovetops, and range hoods.
- Bathroom: cleans fixtures, mirrors, and tiles without streaks.
- Living room: sanitizes furniture, carpets, and delicate surfaces.
- Car: perfect for both interiors and exteriors, removing dirt and dust.
- Garden: excellent for outdoor furniture and equipment.
- Technological devices: compatible with vacuum and floor-mopping robots, without causing damage.

EFFECTIVE CLEAN, GUARANTEED SUSTAINABILITY

Effectiveness

- Immediate degreasing and sanitizing action.
- Works on difficult surfaces such as stainless steel, glass, and ceramic.
- Ideal for stubborn dirt and high-traffic areas.

Superior cleaning power for every need. Thanks to formulations designed to tackle the toughest challenges, EcoClean delivers excellent results in any setting. From the home to industrial environments, every surface will shine with just one pass.

Safety

- Free of ammonia, caustic soda, and surfactants.
- No hazard pictogram required.
- Also safe for surfaces that come into contact with food.

Free of toxic or corrosive substances, safe for everyone. EcoClean is formulated to be free from dangerous ingredients, ensuring the safety of users, surfaces, and the environment. It's the ideal choice for anyone who wants effective cleaning without risks.

BIOECOCLEAN URBAN HYGIENE

A boosted detergent for urban hygiene, environmental services, and solid waste management in high-intensity use. Designed to meet the needs of industrial and professional applications, ensuring long-lasting hygiene and freshness.

Sustainability

- Biodegradable and non-polluting formulas.
- Fully recyclable packaging.
- Reduced waste thanks to its effectiveness at low doses.

A natural composition that respects the environment. With EcoClean, you actively contribute to reducing environmental impact. Each product is designed to ensure maximum respect for the ecosystem without compromising performance.

Neutralized Odors

- Perfect for closed or high-density areas (trash bins, kitchens, bathrooms).
- Natural, delicate fragrances without harsh chemical compounds.
- Eliminates odors at the source rather than masking them.

Pleasant fragrances for a more enjoyable environment. EcoClean doesn't just clean – it also enhances the sensory experience, neutralizing bad smells and leaving a fresh, natural scent.

- Bacteriostatic and antibacterial action: With the integration of Clenya, it combats bacterial growth over an extended period.
- Odor neutralization: A natural fragrance that eliminates unpleasant odors at the source.
- Long-lasting effectiveness: Optimal performance even in high-intensity areas like trash bins and containers.
- Safe formula: Free from caustic soda and corrosive compounds, respectful of both surfaces and the environment.

BIOECOCLEAN UNIVERSAL

- Naturally eliminates 98% of bacteria: Sanitizes surfaces with proven effectiveness.
- Degreases in a single pass: Leaves no residue or foam.
- Eco-friendly and safe: Free from surfactants, ammonia, and harsh substances.
- No rinsing required: Perfect for those seeking convenience and immediate results.

Applications:

- Ideal for surfaces in the kitchen, bathroom, living room, garden, and even car interiors.
- Compatible with modern technology: Perfect for vacuum and floor-mopping robots.
- Your all-in-one solution for natural and safe cleaning.

A versatile cleaner designed to meet every domestic and professional cleaning need, combining power and gentleness.

BIOECOCLEAN HANDS

- Skin-safe: Designed for frequent use without causing irritation.
- Effective against dirt: Thoroughly cleans while keeping hands fresh.
- Allergen-free formula: Also suitable for the most sensitive skin.

Gentle on hands, but unstoppable against dirt. The ideal solution for daily hand hygiene, created for those who want both safety and freshness in a single product.

MUCH MORE THAN A DETERGENT

BIOECOCLEAN AUTOMITIVE

Ideal for

- Trucks, vans, and waste collection vehicles.
- Metal, plastic, and painted surfaces.

Advantages

- Reduces the time and effort required for cleaning.
- Keeps vehicles looking professional and tidy.
- Extends the useful life of treated surfaces.

Respect for operators and the environment: an eco-friendly and safe formula

Operator safety and environmental respect are central to the BioEcoClean philosophy. This cleaner is completely free from harsh substances like caustic soda or toxic surfactants and is biodegradable, making it a sustainable choice without compromising effectiveness.

Enhanced shampoo: deep and safe cleaning

Thanks to its advanced formula, BioEcoClean Automotive penetrates deeply to easily remove biological residues, grease, and stubborn dirt. Perfect for heavy vehicles used in industrial transport or ecological services, it ensures a thorough and effective cleaning without damaging surfaces.

WHY CHOOSE US?

Effectiveness and Innovation

Every product in the BioEcoClean range combines the power of deep cleaning with immediate sanitizing action, delivering professional results in any context.

Guaranteed Sustainability

Our natural formulations are designed to reduce environmental impact, protecting the planet without compromising performance.

Safety for Everyone

Free of corrosive substances, BioEcoClean is safe for surfaces, for users, and for the environment. It is also ideal in sensitive settings such as schools, hospitals, and homes with children or pets.

Versatility

From home to industry, BioEcoClean is a single solution for every need: kitchens, bathrooms, living rooms, gardens, vehicles, public spaces, and more.
